

RICARDO COLÍN

FULL STACK DEVELOPER

I am a software engineer with one year of experience in web application and software development. I have knowledge and skills in HTML, CSS, JavaScript and React. I am committed to my continuous development and updating my knowledge; I am currently studying Node.js and Solidity to improve my skills. I am open to learn new programming languages and adapt quickly to new environments. I am confident that I can find innovative solutions to my clients' business problems.
